"Blown Away!"

a seek-and-find game for all ages

Holiday Hide-aways

Presents "BLOWN AWAY!"

How To Play:

 Print out all of the pages, then cut the characters & items out, using the dotted lines as a guide. Some pages may have special instructions, so read carefully!

 Glue the pieces to thicker paper or cardboard, if you would like to use them over and over again. They won't rip as easily this way. Better yet, ask an adult to help by laminating them for you, and they will last a long time!

 Take turns hanging the pieces up all over the place, making sure they aren't too easy to find!

 Once they are all hidden, everyone else may work as a team, to find all of the missing pieces. It can be a team of one, or a whole classroom of people! Your game can be different every time, and we love to hear about the rules you have made up yourself! Send us photos of your team finding these silly runaways to midnightprismcollective@gmail.com, or post them on social media, and tag us! We love to see you playing our games!

If you have ANY questions at all, please email us!
